WHEREAS: Parties wish to establish mutual contribution to the academic education and development of both parties;

Parties agree as follows:

- Art. 1. Cooperation between parties shall be carried out, subject to availability of funds, the approval of both parties and on the basis reciprocity, through such activities or programmes as:
- Exchange of students and staff;
  - Joint research activities;
  - Participation in seminars and academic meetings;
  - Exchange of academic information and materials
  - Publication activities of mutual interests
- Art. 2. The cooperation described above will in every case be dependent upon the availability of necessary funds, either from within both parties or from external resources. Both parties, separately or jointly, will try to allocate resources.
- Art. 3. The areas of cooperation include, subject to mutual consent, any programme offered by either party and considered desirable and having potential to contribute to the mission and effectiveness of either party and/or contribute to fostering the cooperative relationship between parties.
- Art. 4. The terms and necessary budget for each programme and activity will be described in Letters of Agreement which will be prepared subsequent to this Memorandum of Understanding and signed by both parties prior to the initiation of a cooperative programme or activity. Each programme and activity will be negotiated on an annual basis. Each party will designate a contact person who will be responsible for the implementation of the Letter of Agreement.

The Liaison Officer from CZU will be: Ing. Jan Hučko Ph.D., Head of International Relations Office of CZU, huckoj@pef.czu.cz

The Liaison Officer from the University of Foggia will be: -----

- Art. 4.1 Concerning an exchange programme and collaborative research, the following topics will be arranged with mutual consent:
- Requirements concerning admittance of students;
  - Number and duration of the exchanges;
  - Aim of the exchange or the collaborative research;
  - Facilities offered by each party.
- Art. 5. Concerning staff exchange programmes and collaborative research the parties hereby further agree that:
- Travel and living expenses shall be the responsibility of the visiting participants, unless both institutions agree to alternatives.
  - The host party will assist in finding lodging for visiting participants.
  - Visiting participants will be responsible for obtaining the necessary insurance coverage (medical, insurance of damage etc). The host institution cannot be held responsible for any damage suffered or caused by a visiting participant. A visiting participant must be able to show the insurance contract on the request of the responsible administrator of the host institution. Visiting participants will abide by the rules and regulations of the host institution and by local laws.
- Art. 6. Concerning student exchange programmes parties also agree that:
- Exchange students studying for one semester or one academic year do not pay tuition and fees (waiver policy), provided that a reciprocal exchange of students is implemented, as stipulated below.
  - Each academic year one institution will allow no more than 2 students from the other institution to enrol as exchange students. The actual number of students to be exchanged will be determined every year by mutual consultation in advance. However, the exchange of students should be reciprocal, in order that the sending institution's exchange students may benefit from the waiver policy at the host institution. In case that the exchange of students is unilateral (without the other institution actually sending students for exchange), the waiver policy for exchange students may be superseded, and each exchange student may be required to pay tuition fee for studies (one semester, or one academic year), in accordance with tuition tariffs applied at the receiving institution.
  - Students enrolled in degree programmes at the receiving institution (2 academic years or more) pay tuition and fees, in accordance with the tuition tariffs applied at the receiving institution.
  - Expenses for insurance, for travel to and the stay in the host country will be borne by the participating student.
  - The departments involved in the exchange at the receiving institution will provide for academic counselling in order to ensure that all academic courses are recognised by the sending institution.
  - Information concerning the types of training involved and their mode of access, the diplomas and/or certificates that may be granted, and information about research programmes as well as those groups which are involved in it, will be systematically exchanged between the two parties.

- Art. 7. The present Memorandum of Understanding is signed for 5 years (five years), starting from the date of its signature by both parties, and is renewable by tacit agreement for equal periods. Either party may terminate this Memorandum of Understanding by means of a certified (registered) letter received by the other party six months prior to the end of any calendar year.
- Art. 8. In the event that one or several items of this agreement is deemed inapplicable due to certain prevailing judicial decisions or legislative acts, the parties will look for alternative agreements on this or these litigious points. However, all other applicable items of this agreement will remain in force, but only for the continuation of the current year.
- Art. 9. The present Memorandum of Understanding is written in English language in two (2) identical copies, each copy will be signed by the representatives of the parties and legalised with an official stamp.
