

GEMEDIC

Management of Medical surgical Emergencies

EXECUTIVE DESIGN

The goal of the **GEMEDIC** Summer School is to train future health professionals by giving them the practical and theoretical tools, through **HIGH FIDELITY SIMULATION**, ensuring the "safety" for the patient and the healthcare professionals, in accordance with the quality of care standards based on European models and determined by the "culture of safety", through the improvement of technical operational skills and communication skills of the Healthcare.

Call Date: 21/08/2022 - Deadline: 05/09/2022 – Number of Participants: 24

Date of Publication of the Ranking: 15/09/2022 .

If the number of entries exceeds that allowed, the participants will be selected on the basis of the following criteria:

1. Seniority of enrollment in the School of Specialization;
2. Chronological order of inscription

Application Period: from 15/09/2022 to 25/09/2022

GEMEDIC

Management of Medical surgical Emergencies

Program

					Teacher		Teacher
Day 1	03/10/2022	Registration of participants	8:00-9:00		Dr. Del Vecchio	1	
		Respiratory failure	9:00 - 13:00	Respiratory failure Supraglottic and subglottic presidia	Prof.ssa Cinnella Dr. Del Vecchio	2 2	
			13:00-14:00 Lunch				
			14:00-18:00	Emergency-urgency cricothyrotomy Training in ultrasound on the respiratory system	Dr Mariano	4	Dr Epifani
Day 2	04/10/2022	Airway guards and mechanical ventilation					
			9:00 - 13:00	Clinical Cases in High Fidelity Simulation	Prof.ssa Mirabella	4	Dr Morelli
			13:00-14:00 Lunch				
			14:00-18:00	Ventilation strategies in critically ill patient	Prof. Carlos	4	
Day 3	05/10/2022	Management of cardiac arrest and respiratory failure					
			9:00 - 13:00	Clinical Cases in High Fidelity Simulation in Respiratory Failure	Prof. Carlos	4	Dr Gambetti
			13:00-14:00 Lunch				
			14:00-18:00	Cardiac arrest and post-arrest syndrome Clinical Cases in High Fidelity Simulation	Dr. Tullo	4	
Day 4	06/10/2022	Nutrition management and shock					
			9:00 - 13:00	Treatment of digestive emergencies	Prof.ssa Ionescu	4	

GEMEDIC

Management of Medical surgical Emergencies

			13:00-14:00 Lunch				
			14:00-18:00	Nutrition Management Clinical Cases in High Fidelity Simulation	Prof.ssa Cotoia	4	Dr Epifani
Day 5	07/10/2022	Diagnosis and treatment of shock and digestive emergencies					
			9:00 - 13:00	Treatment of Digestive Emergencies. The place of endoscopy and ultrasound examination in the management	Prof.ssa Ionescu	4	
			13:00-14:00 Lunch				
			14:00-18:00	Clinical Cases in High Fidelity Simulation	Dr. Mariano	4	Dr Caputo
Day 6	08/10/2022	PEDIATRIC EMERGENCY MANAGEMENT					
			9:00 - 13:00	Airway management in paediatric respiratory failure	Dr. Vetuschi	4	
			13:00-14:00 Lunch				
			14:00-18:00	Clinical Cases in High Fidelity Simulation	Dr. Fortarezza	4	Dr Distaso
Day 7	09/10/2022	Polytrauma management					
			9:00 - 13:00	Multidisciplinary approach, differential diagnostics and treatment of head, chest and abdominal trauma	Prof.ssa Mirabella	4	
			13:00-14:00 Lunch				
			14:00-17:00	Clinical Cases in High Fidelity Simulation	Dr. Del Vecchio	3	Dr Caputo

GEMEDIC

Management of Medical surgical Emergencies

	Closure of the works	17:00-18:00	EVALUATION TEST, SUMMER SCHOOL SATISFACTION QUESTIONNAIRE, CERTIFICATE OF PARTICIPATION	Dr. Del Vecchio	1	
--	----------------------	-------------	---	-----------------	---	--

STAFF:

GILDA CINNELLA, MD

Head of Department of Anesthesia and Intensive Care, University Hospital of Foggia, Full Professor of Anesthesia and Intensive Care and, University of Foggia, Italy.

ANTONELLA COTOIA, MD, PhD,

Assistant Professor in Anesthesia and Intensive Care, Training Simulation Instructor, University of Foggia, Italy.

PASQUALE DEL VECCHIO, MD

Intensivist and Training Simulation Instructor, University of Foggia, Italy.

DONATELLA FORTAREZZA, MD

Pediatric Intensivist and Training Simulation Instructor

DANIELA IONESCU, MD, PhD

Director of the Residency School in Anesthesia and Intensive Care, University of Medicine and Pharmacy Cluj-Napoca, Romania

KARIM MARIANO, MD

Intensivist and Training Simulation Instructor, University of Foggia, Italy

LUCIA MIRABELLA, MD, PhD

Associate Professor of Anaesthesia and Intensive Care and Director of the Residency School in Anaesthesia and Intensive Care, Training Simulation Instructor, University of Foggia, Italy.

CARLOS FERRANO ORTOLA, MD, PhD

Head of Surgical Intensive Care Unit Anesthesiology and Critical Care Department, Hospital Clínic of Barcelona Associate professor of Anesthesiology and Critical Care, Surgical Department, University of Medicine, Valencia

LIVIO TULLO, MD

Intensivist Chief in Anesthesia and Intensive Care, University Hospital of Foggia

PAOLO VETUSCHI, MD

Pediatric Intensivist, University Hospital of Foggia

MD Collaborators: Chiara Caputo, Lucia Distaso, Guido Gambetti, Eva Epifani

Management Staff:

STEFANO IORIO

Grant Office, University of Foggia

CRISTINA DI LETIZIA

Scouting and Open Innovation, University of Foggia
