ABOUT

The Commission's Communication on A New ERA for Research and Innovation emphasises the importance of fostering career development conditions to attract and retain researchers in Europe. This is vital in the global competition for talent and for the functioning of the European Research Area (ERA).

The ERA Talent Platform serves as a comprehensive online gateway for researchers and research and innovation institutions. It provides direct access to a range of services, including [EURAXESS](#) networks and portals, the [HR Excellence in Research award](#), the [RESAVER](#) pension scheme, the [Innovation Talent Platform](#) and the [Research and Innovation Careers Observatory](#).

Welcome to the Italian national EURAXESS portal

PhD/Post-doc opportunities

We provide information and assistance to mobile PhDs and researchers – by means of this portal and with the support of our national EURAXESS Centres.

This portal contains practical information concerning professional and daily life, as well as information on job and funding opportunities. The Centres help researchers and their family to plan and organise their move to a foreign country, providing assistance in all matters related to mobility.

All services of the EURAXESS Network are free of charge.

Italian EURAXESS Centres and Local Contact Points

The Italian EURAXESS Centres and Local Contact Points provide free and customized assistance to all mobile researchers and their families seeking advice on issues related to their relocation across borders.

Bridgehead Organisation: role and activities

Bridgehead Organizations (BHOs) serve as the **national-level coordinators** of the EURAXESS Network

BHOs **facilitate communication** between the EC, national governments and other relevant organizations

BHOs play a crucial role in **coordinating and supporting the entire network** of EURAXESS Service Centres (ESCs) and EURAXESS Contact Points (ECPs) at the national level

BHOs **represent their respective countries** at BHO meetings and the bi-annual EURAXESS Conference

EURAXESS Service centers

The EURAXESS Service Centre (ESC) maintains communication with its national BHO and collaborates with regional and local authorities, receiving support and assistance from the BHO.

When participating in the EURAXESS bi-annual Conference, the ESC serves as the representative of its country

EURAXESS contact point

Local or institutional Euraxess Service Center(s) that support the staff of their own institution are called Local Contact Points.

Benefits of being part of the EURAXESS Network

Networking with a diverse group of experts dealing with mobile researchers

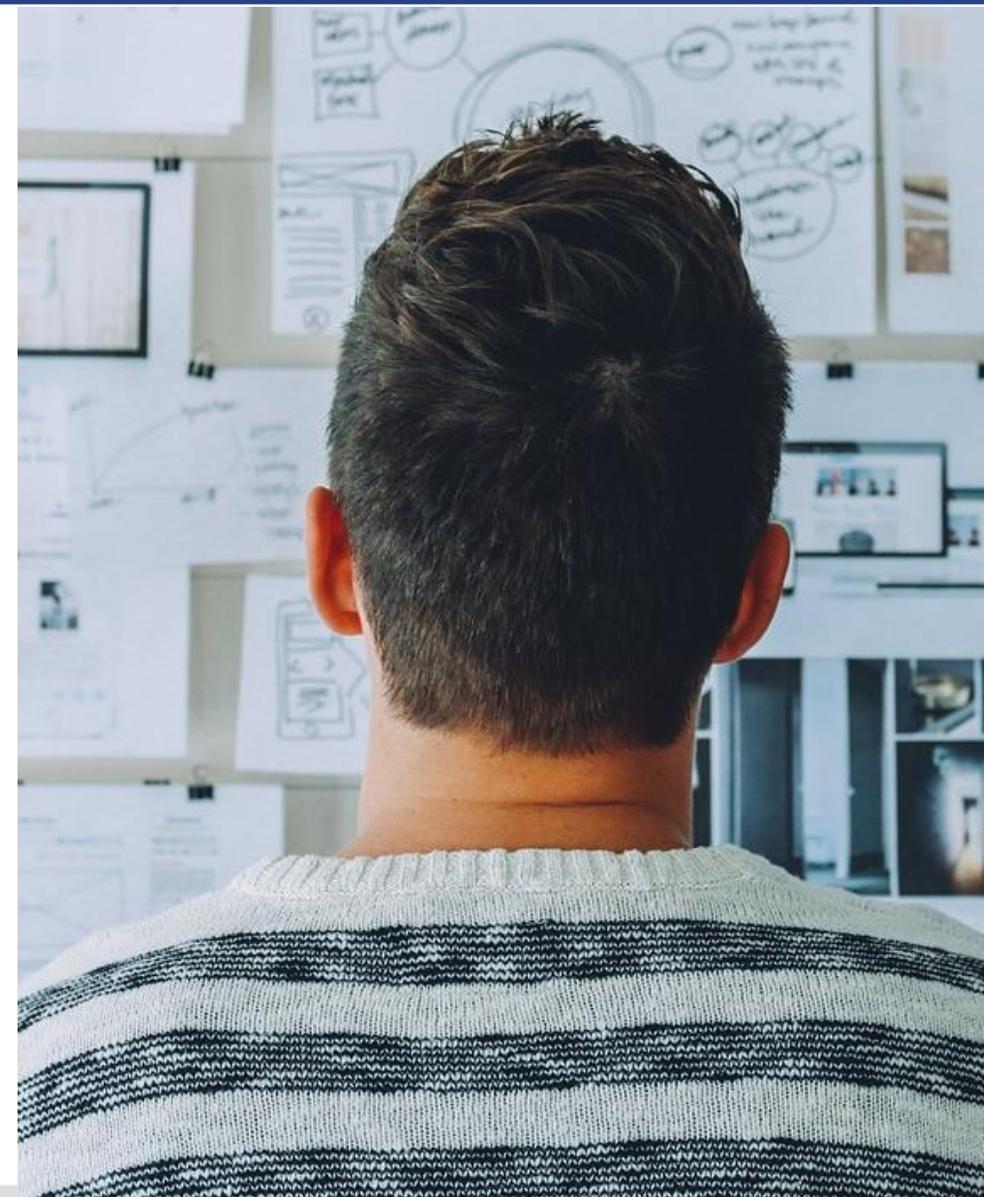

Knowledge and good practice exchange

Access to unique resources

Personalized assistance

What is the added value in EURAXESS?

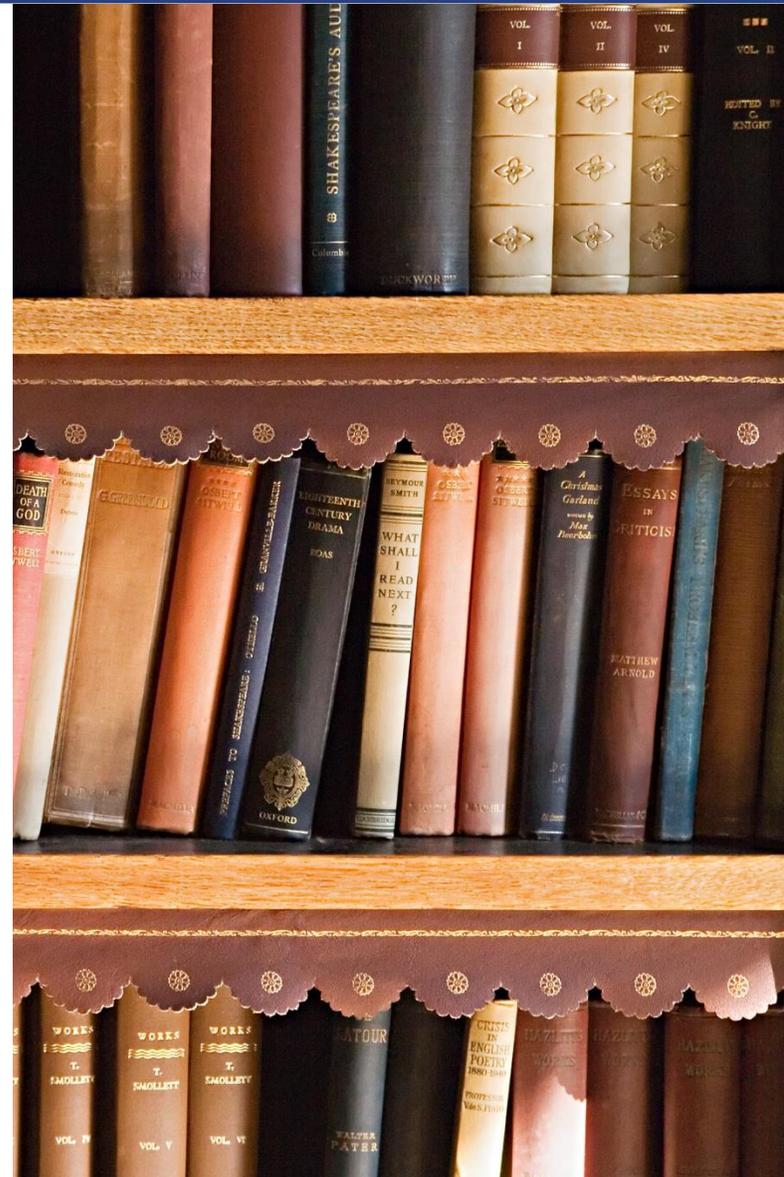

EURAXESS plays a significant role in **supporting the researcher career development**, regardless of the stage of careers

EURAXESS **assists researchers in all stages of their careers** by aiding them in finding employment opportunities, providing insights into living abroad, facilitating relocation, and fostering connections with fellow researchers facing similar challenges

EURAXESS **supports organizations** by enabling them to post job openings and funding opportunities, identifying suitable candidates to contribute to their projects, securing funding for their teams and projects, and gaining a clearer understanding of their rights

ERA TALENT Platform for career development of researchers in Europe

ERA TALENT is a 36 months Coordination and Support Action with the aim to support the implementation of the new ERA Communication and furtherly develop the services provided by the existing EURAXESS network, through the reforming of its structure, with the aim to support the career development of researchers in Europe, expanding the career trajectories for them in academia, industry and business. The consortium is composed by 34 BHOs from 34 different countries.

ERA TALENT scope will be reached through the establishment of five digital Hubs, affiliated to the existing network (Euraxess BHOs and Euraxess members), as one-stop-shop based on a cross-country and multidisciplinary structure established on a common framework.
