

Tiziana Ingravallo

Associate Professor of English Literature at the University of Foggia (Italy),
Department of Humanities.

Research

I have published monographs and articles on British female writers of the Romantic period Charlotte Smith, Mary Lamb (Rome, Aracne), Mary Shelley (Perugia, Morlacchi Editore). My current research focuses on the cultural politics of the 1790s and women's historical writing. I have recently contributed a chapter to *Heroines of the Postmodern and their Worlds in Contemporary Fiction* (London, Routledge, 2025).
